

# COCKROACH TREATMENT

## TREATMENT PREPARATION FORM

In order for our company to provide the most effective results, please ensure that before our arrival you review and complete all of the necessary steps listed below. This will ensure that your Technician is able to provide an effective and safe treatment.

### How To Prepare For The Service

#### KITCHEN

- ☐ Empty out all cupboards and food pantries, and under sinks
- ☐ Empty all your drawers of cutlery, towels, etc.
- ☐ Clean and clear off all your countertops.
- ☐ Small appliances such as toasters, microwaves, and coffee makers can remain on counters as these items will need to be inspected and treated if necessary.
- ☐ Place all pet food and water dishes inside plastic bags and remove them from areas that will need to be treated.
- ☐ Ensure to keep all removed items within the kitchen area and covered properly to prevent cockroaches from spreading to other locations.
- ☐ Remove all food from cupboards and pantries. Inspect each item for holes, cockroaches, eggs, fecal matter, – if any, discard these items immediately.
- ☐ Any food that has no signs of infestation should be stored in an airtight container.
- ☐ Make sure to clean under the stove burner lid, underneath the stove, underneath the microwave, behind the fridge, and all cupboards and food areas.

#### BATHROOM

- ☐ Put away all toothbrushes, water glasses, towels, and remove personal items from underneath the sink.

**TAKE NOTE OF AREAS YOU HAVE SEEN ACTIVITY AND LET YOUR TECHNICIAN KNOW!**

### BEDROOMS (for major infestations)

- ☐ Clear all closet floors, remove any clutter in the bedroom
- ☐ Make sure to put all children and pet toys away
- ☐ Clothing can be left on hangers

### Following Treatment for at least 4 weeks:

- ▶ Reduce clutter throughout the home
- ▶ Always store food (including pet food) in sealed containers or inside sealed areas such as the refrigerator or freezer, (NEVER STORE FOOD ON THE FLOOR).
- ▶ Keep all sinks and drains clean and sanitized, as cockroaches will find food in these areas.
- ▶ Keep all plumbing in good repair.
- ▶ Be sure to keep all appliances including stoves, grills, refrigerators, tables, sinks, etc; should be cleaned and well maintained on a daily basis.  
Pots, pans, dishes, glassware, utensils, etc; need to be properly cleaned and sanitized, and stored in a clean container after each use.
- ▶ Keep floors clean and sanitized
- ▶ Clean floors by sweeping and mopping on a regular basis.
- ▶ Clean and maintain walls and ceilings
- ▶ Make sure that all of your garbage containers are leak-proof and covered.
- ▶ Empty these containers often.
- ▶ Cooperate with the technician on any special recommendations to help remove any pest harbourage inside the home in order to prevent conditions conducive to further infestation.

**THE SUCCESS OF THIS SERVICE DEPENDS ON YOUR COOPERATION & CLEANLINESS!**
